

*English-Billiards Open Series*

## **EBOS GOLF/AGM WEEKEND SPECIAL OFFER**

**There will be exclusive EBOS embossed golf balls available for purchase on the day! 12 boxes (each containing 4 sleeves of 3 balls), 144 balls in total have been ordered. These may become collector's items in a few years time, that is if you don't lose them!**

**The balls technical details are as follows:**

### **Srixon Distance Golf Balls**

**The high repulsion Energetic Gradient Growth core and highly elastic Ionomer cover of the Srixon Distance golf ball combine to create exceptional distance and a surprisingly soft and light feel.**

**It produces a high trajectory with less spin that enhances the distance from the driver to middle irons. Durable, cut-proof soft ionomer cover transfers maximum club head energy at impact.**

**Aerodynamically superior 432 dimple pattern provides strong, penetrating trajectory.**

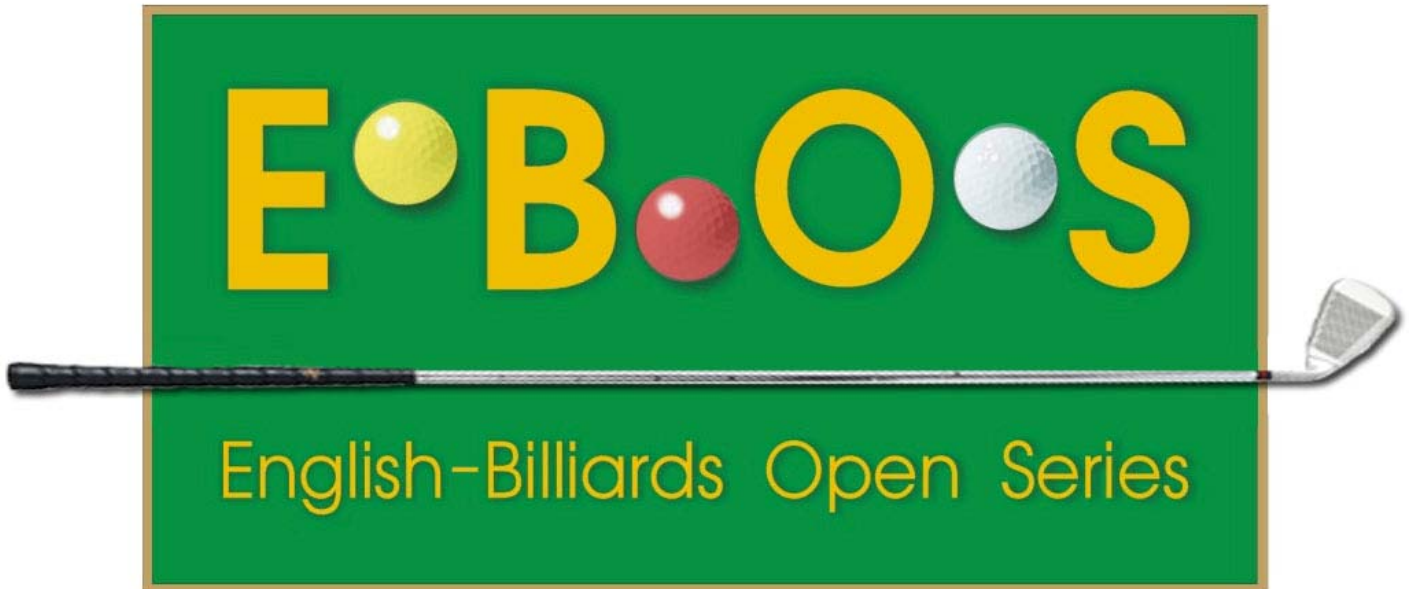

**Newly developed high repulsion Energetic Gradient Growth core.**

**There will also be EBOS logo tee's for free distribution to all those that play.**

**PTO for example design.**

**SRIXON**

**Example of graphic to be embossed onto balls (not including the Srixon images above)**

**The original EBOS logo will be used (with subtle golfing enhancements!) on the Srixon balls. Additional wording may also appear on the ball giving tournament date, venue and EBOS web details.**

**The pricing is as follows:**

**1 sleeve of 3 balls - £5**

**1 box of 12 balls - £15**

**If you would like to reserve your box/sleeve now, then please get in touch and send us a cheque made payable to English-Billiards Open Series.**
